Höstmöte 2023
Cancerfondens
Planeringsgrupp för
Onkologisk Radionuklidterapi

Cancerfondens Planeringsgrupp för
Onkologisk Radionuklidterapi

Linköping
29 November (Education),
30 November – 1 December (Meeting)

Wednesday (29 Nov) is an educational day, foremost aiming at young/new scientist, with topics covering radioactive decay, radiobiology and biokinetic models.

Highlights of the meeting: Strålsäkerhetsmyndigheten and Läkemedelsverket will have a workshop focusing on personalized treatment and individualized dose planning in a clinical setting.

Abstract submission is open and we would highly appreciate if you want to share you research or clinical experience with us. Deadline for submission is 31 of October.

More information will be posted continuously on radionuklidterapi.se.
